Quick Start Guide

For VR&E Appointment:

1. **Fork this repository** to your GitHub account
2. **Customize the README** with your specific details
3. **Focus on folders 01-04** for initial business planning
4. **Use as conversation guide** during VR&E meeting
5. **Show systematic approach** to business development

Immediate Priorities:

- ☐ Complete `01-BUSINESS-MODEL/` documentation
- ☐ Fill out `04-FINANCIAL-MANAGEMENT/budgeting/`
- ☐ Document `02-OPERATIONS/training-delivery/`
- ☐ Create `10-TEMPLATES-TOOLS/proposals-contracts/`

Key Business Advantages

Combat Medic Authenticity

- 14 years life-critical experience
- Afghanistan deployment credibility
- Zero safety incident record
- Impossible to replicate background

Christian Values Alignment

- Church community trust
- Faith-based business model
- Kingdom service motivation
- Authentic spiritual foundation

TMG Network Access

- Tactical Medics Group connections
- Federal contracting pathways
- Military network leverage
- Professional credibility

DVOB Certification

- Government set-aside advantages
- Federal contracting preferences
- Minority business benefits
- Competitive positioning

Revenue Progression

Year	Churches	Partnerships	Federal	VA Income	Total
1	\$200-250K	\$0-50K	\$0-100K	\$27K	\$227-427K
2	\$300-350K	\$150-250K	\$200-400K	\$27K	\$677K-1.03M
3	\$400-500K	\$300-500K	\$500K-1.2M	\$27K	\$1.23-2.23M
4+	\$600-800K	\$500-800K	\$1-3M	\$27K	\$2.13-4.63M

Mission Statement

"Serving God's Kingdom through life-saving education while building generational wealth and family security."

From Afghanistan battlefields to American churches - CommandDomains Medical Training combines combat-proven expertise with Christian business values to protect communities through systematic medical education.

14 Years Combat Medical Experience

Getting Started

1. **Clone this repository:** `git clone https://github.com/yourusername/CommandDomains.git`
2. **Read through each folder's README** for detailed guidance
3. **Customize templates** with your specific information
4. **Track progress** using GitHub issues and projects
5. **Document everything** as you build the business

This isn't just a business plan - it's your operational headquarters for building a medical training empire.

"Never again will we run without readiness." - SFC Jacob Ross
